

2025 State Summit on Water Reuse

J.W. Marriott Tampa Water Street
 510 Water Street, Tampa, FL 33602
 Ybor Ballroom Salon I-III, 2nd Floor

The 2024 State Summit on Water Reuse will occur on Wednesday, March 19, 2025, in conjunction with the annual WaterReuse Symposium (March 16-19) at the J.W. Marriot in Tampa, FL. The primary goal of the State Summit is to provide a place for state regulators to share and learn about a range of water reuse issues, network with state colleagues, and coordinate with representatives from select federal agencies. The Summit will feature perspectives from many states and provide an opportunity for participants to share their thoughts and key questions with colleagues from around the country.

Wednesday, March 19, 2024 – Ybor Ballroom Salon I-III, 2 nd Floor	
Time (ET)	Session/Topic
8:00am – 9:15am (75 mins)	WRA Plenary Breakfast; State Summit Check-in & Networking
9:15am – 10:00am (45 mins)	Summit Kickoff: Welcome, Overview, and Introductions
10:00am – 11:00am (60 mins)	Potable Reuse Overview and Progression in the States <i>Participants will provide updates on potable reuse demand and regulatory developments within their states. This session may provide a focus on risk communications, community engagement, and additional technical information on approaches to log removal crediting.</i>
11:00am – 11:15am (15 mins)	Networking Break
11:15am – 12:15pm (60 mins)	Meeting the Needs for Reuse in Agriculture (w/ Breakout) <i>Participants will characterize the demand, approaches, and opportunities for implementation of non-potable reuse in agriculture.</i>

The State Summit on Water Reuse is hosted by the Association of Clean Water Administrators (ACWA), the Association of State Drinking Water Administrators (ASDWA), the Association of State and Territorial Health Officials (ASTHO), the Environmental Council of States (ECOS), and the Ground Water Protection Council (GWPC), in collaboration with the Environmental Protection Agency (EPA) and WaterReuse Association (WaterReuse) as an outgrowth of Action 2.2 (Enhance State Collaboration) under EPA’s National Water Reuse Action Plan.

Wednesday, March 19, 2024 – Ybor Ballroom Salon I-III, 2 nd Floor	
Time (ET)	Session/Topic
12:15pm – 1:15pm (60 mins)	Working Lunch Session: Effective Communication and Common Reuse Terminology for States
1:15pm – 2:00pm (45 mins)	Managed Aquifer Recharge Using Recycled Water <i>Participants will explore challenges and developments in the utilization of recycled water as a source for aquifer recharge projects that augment and replenish groundwater used for potable supplies.</i>
2:00pm – 2:30pm (30 mins)	Onsite Reuse, Introduction to BILD Collaborative <i>Participants will discuss developments, challenges, and opportunities surrounding onsite reuse for non-potable applications</i>
2:30pm – 2:45pm (15 mins)	Networking Break
2:45pm – 3:45pm (60 mins)	Water Reuse in Industrial Settings (w/ Breakout) <i>Participants will characterize the demand, approaches, and opportunities for non-potable reuse in industrial applications, including data centers and energy production.</i>
3:45pm – 4:15pm (30 mins)	Wrap Up <i>Participants will reflect on what key state needs exist for advancing reuse and what topics to focus on in 2025-2026.</i>

The State Summit on Water Reuse is hosted by the Association of Clean Water Administrators (ACWA), the Association of State Drinking Water Administrators (ASDWA), the Association of State and Territorial Health Officials (ASTHO), the Environmental Council of States (ECOS), and the Ground Water Protection Council (GWPC), in collaboration with the Environmental Protection Agency (EPA) and WaterReuse Association (WaterReuse) as an outgrowth of Action 2.2 (Enhance State Collaboration under the National Water Reuse Action Plan).
